Come celebrate the planet with us at **Alameda's Earth Day Festival!** As part of the celebration, it is our goal to present simple lifestyle changes to help the environment. Zero Waste is one of those simple changes.

Zero Waste is a new way of thinking about the products we purchase and materials we consume. This philosophy supports product redesign so that all products are recyclable or compostable at the end of their useful life.

Enjoy **FREE** activities for the kids, **Earth Day** games and exhibits and learn about building a clean, healthy, sustainable world for generations to come.
